PROFILE

Committed full-stack web developer dedicated to seamlessly merging technical expertise and creative design for user-centric digital solutions, driven by excellence.

EDUCATION

Bachelor of Technology - Computer Science and Technology with specialization in Software Engineering,
SRM INSTITUTE OF SCIENCE AND TECHNOLOGY
GPA: 8.3

Sep 2021 — Jun 2025
Chennai, India

EXPERIENCE

Creative Designer, *Gen-y* 🔗

Apr 2023 — present
Chennai, India

- Created visually appealing posters, certificates, and event posts.
- Improved the UI/UX of internal club projects, including a campus food booking app.
- Demonstrated commitment to design excellence and effective communication.

PROJECTS

TasteBud, *Movies, shows, music recommendation web app.* 🔗
JavaScript · Cascading Style Sheets (CSS) · HTML5 · Figma

Aug 2023 — Aug 2023

- Designed an intuitive and visually appealing user interface (UI) using Figma. Crafted wireframes, mockups, and interactive prototypes to optimize user experiences.
- Translated UI/UX designs into responsive and functional web pages using HTML, CSS, and JavaScript. Ensured seamless navigation and user interaction.
- Implemented data integration techniques to gather and process user preferences, creating personalized recommendations effectively.

plantDEX, *App-Based Solution to identify and solve disease in plants/crops.* 🔗
React Native · Jupyter Notebook · Firebase · Cloud Firestore · JavaScript

Sep 2023 — Sep 2023

- Leveraged React Native to create a user-friendly and responsive mobile app interface, ensuring seamless navigation and engaging user experiences.
- Utilized JavaScript for both front-end and back-end tasks, optimizing app performance and functionality.
- Addressed technical challenges related to AI model integration and app functionality to provide users with a reliable disease identification tool.
